PREFACE

This is the manual for logging in using a Hardware TOTP token.

Turn on hardware token, press the “round red button”

After using your code, turn off your token in the same way.

What is your “**Password code**” ?

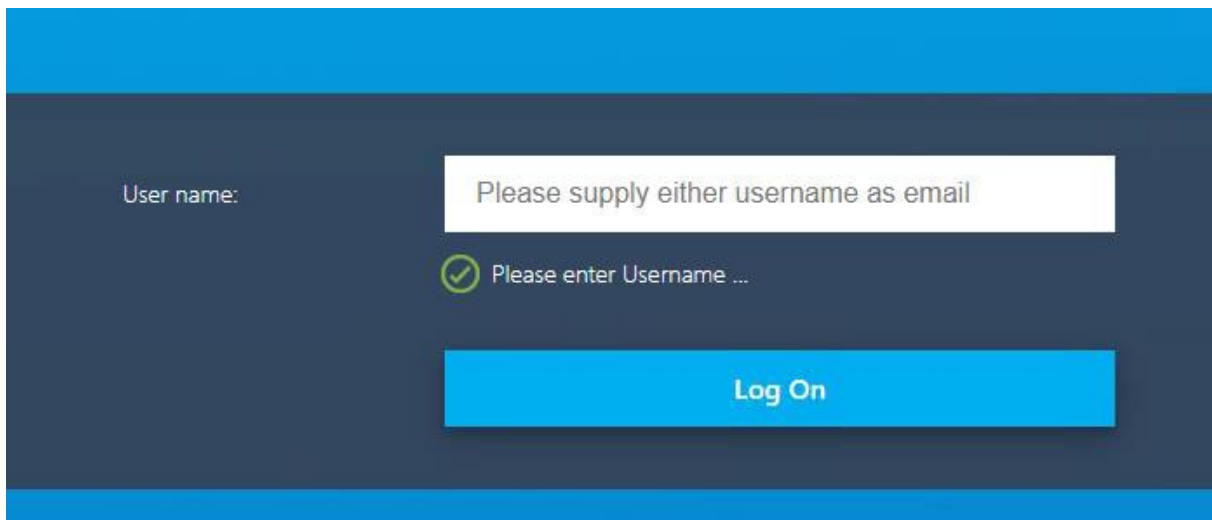

When your token is turned on, you will see 6 (alternating) digits in the screen, this is your “**Password code**”

STEP 1. LOGIN WITH THE HARDWARE TOTP TOKEN

Navigate to the URL: <https://inloggenbijmp.nl>.

Make sure the URL is correct. You will now only see “**Username**”, enter your e-mail address here and click on “**Log On**”.

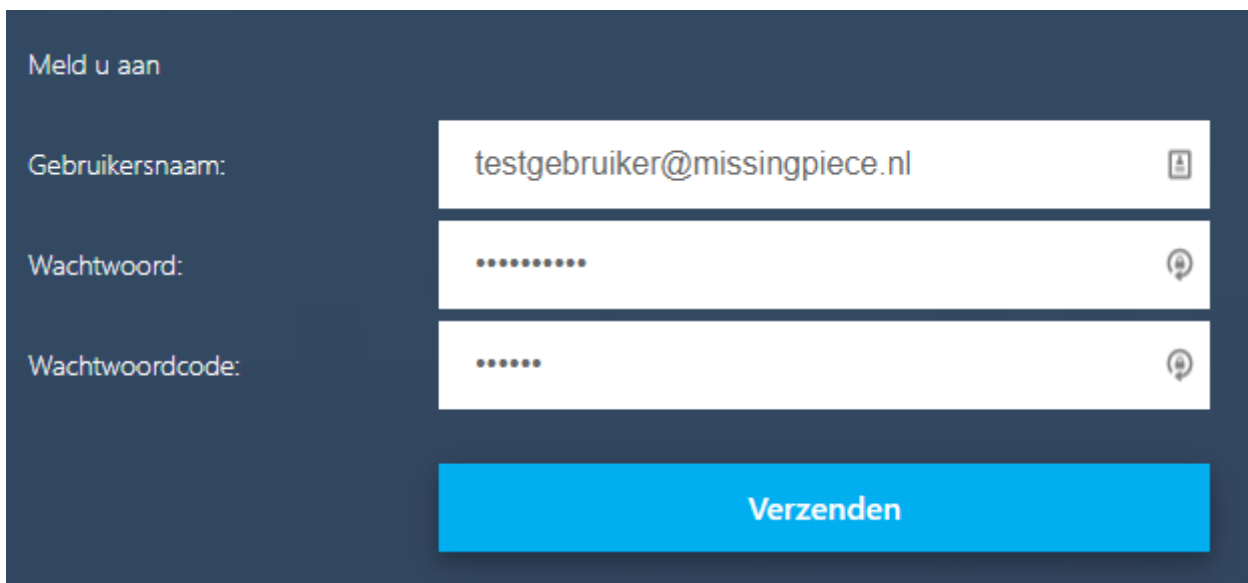

User name: Please supply either username as email

✔ Please enter Username ...

Log On

On the next screen, the “**Username**” has already been entered and you only need to enter your “**Password**” and the “**Password code**” (the numbers on your Hardware token). Thereafter click on “Submit”.

Wachtwoordcode:

Verzenden

You are now successfully logged into the Missing Piece environment.

STEP 2. INSTALL CITRIX WORKSPACE

If you have not previously logged in to the Missing Piece environment, you still need to have the “Citrix Workspace App” on you **computer** to download.

URL: <https://www.citrix.com/en-en/downloads/workspace-app/windows/workspace-app-forwindows-latest.html>

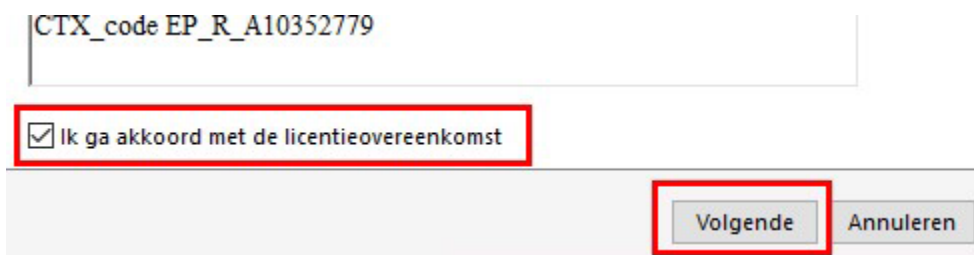

Click on the blue button “Download Citrix Workspace app for Windows.”

A blue rounded rectangular button with white text that reads "Download Citrix Workspace app for Windows".

Then open the downloaded installation file and click “Start”.

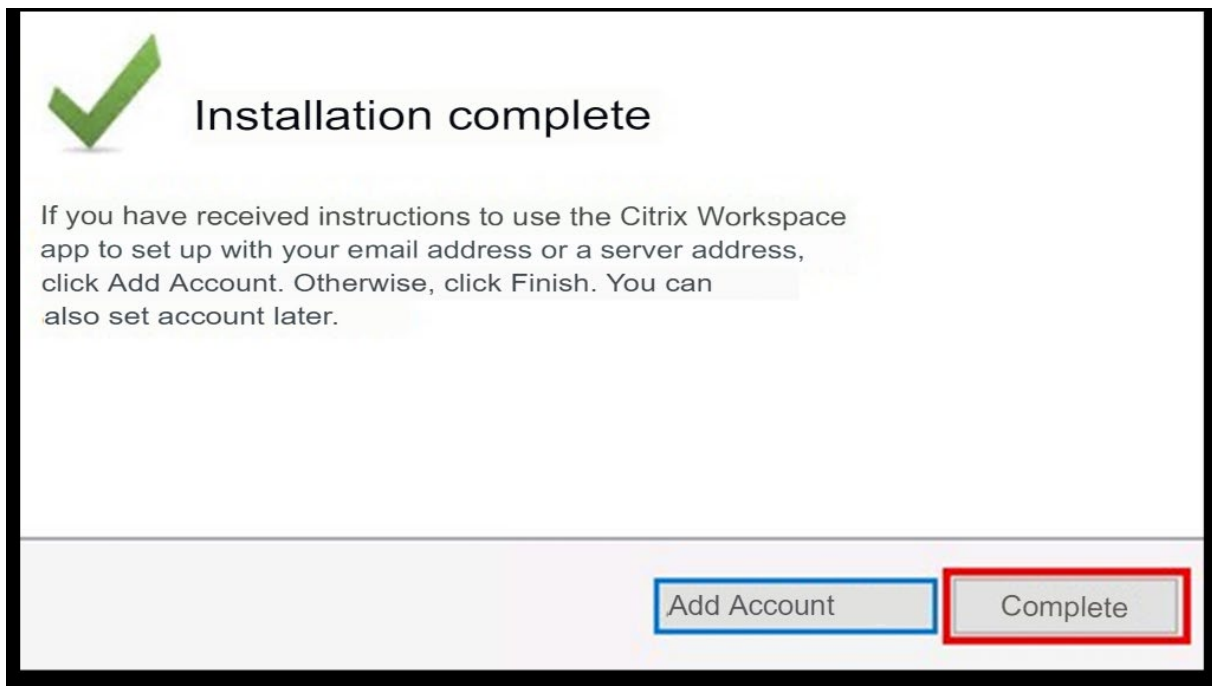

Accept the license agreement and click “Following”.

Uncheck “Enable Single Sign-on” and choose “Install”.

You need no account. Click on “Finish” to complete the installation.

You can now log in with your Missing Piece username and password and the generated passcode from the 'Citrix SSO' app. We recommend the link: <https://inloggenbijmp.nl/> to your favorites so that you can easily log in next time.
